DLF

ESQUIRE

Esquire is one of the most versatile perennial ryegrasses available. It was developed from unique germplasm to expand the genetic diversity of your stand.

Esquire rewards you with an early and thick turf sward compared to other turf perennial ryegrasses. It maintains a dark green colour all season long. While other perennials can show summer stress and disease damage, Esquire's excellent wear tolerance can manage intensive activity and still look great all year long. Esquire resists winter damage, yet shows early spring green up, high resistance to rust, red thread, and dollar spot improves its performance.

Use	Cricket outfields Hard wearing lawns Ryegrass fairways Sports fields Stadiums
Sowing Rate	25-40(g/m²)
Benefits	Dark green Dense sward Disease tolerant Hard wearing Rapid recovery

All ratings are based on USA trial data.
